

Ameda® Triple Zero Lanolin™

Zero Additives, Zero Preservatives, Zero BPA

Tender, sore, painful nipples are the leading cause of premature weaning. Ameda's Triple Zero Lanolin is among the purest lanolin available in the market to help soothe sore nipples when moms experience nipple pain during breastfeeding.

Triple Zero Lanolin Features:

- Helps create a thick barrier of protection to prevent further soreness
- 100% natural and hypoallergenic
- No need to remove prior to breastfeeding
- Neutral smell and taste will not interfere with breastfeeding
- Exceeds US Pharmacopeia (USP) and European Pharmacopeia (EP) standards
- Kosher Certified

Benefits to Mom & Baby:

- No exposure to harmful chemicals for mom and baby
- Helps keep skin moist
- Enables mom to continue breastfeeding, and may prevent premature weaning

Product Info:

- 50 count 7g Triple Zero Lanolin tubes in a convenient dispenser box
- SKU: 700H01
- UPC: 810725024225 (each box)

Did You Know?

Up to 96% of moms experience tender, sore, painful nipples during breastfeeding.

Incorrect positioning and incorrect latch of baby are the most common causes of nipple pain when breastfeeding. Please consult a lactation professional for help if soreness continues.
